SISD Prekindergarten HB4 High-Quality Prekindergarten Grant Program Family Engagement Plan

Sealy ISD, in accordance with HB4 Grant guidelines, will create a partnership between our families, schools and community for the successful transition in kindergarten. We feel school, family and community partnerships are the most effective way to promote a culture of learning that is child-centered and family driven.

Definitions of Family and Family Engagement: (HB4)

Family: Family includes adults and children significant in the child’s life who support the early learning and development of the child.

Family Engagement Definition: Family engagement is the mutual responsibility of families, school and communities to build relationships to support student learning and achievement and to support family well-being and the continuous learning and development of children, families and educators. Family engagement is fully integrated in the child’s educational experience and supports the whole child and is both culturally responsive and linguistically appropriate.
